T.J. were released

on Jan. 26.

# Amy & T.J.'s TV RETURN

**B**ad news travels fast! It's only been a few weeks since Amy Robach and T.J. Holmes officially parted ways with *Good Morning America*, but a source claims the former co-hosts are already being pursued by at least one TV network. "NewsNation is preparing a mega-money offer for Amy and T.J. to join

the network together," reveals the source. "The top brass aren't shy about bringing in talent who are making headlines. Just look at Chris Cuomo." NewsNation scooped up the anchor after he was fired from CNN in 2021 for helping his brother, former New York Gov. Andrew Cuomo, obtain info about women accus-

ing him of sexual harassment. The bosses also believe that Amy, 49, and T.J., 45, can follow the success of now-married MSNBC co-hosts Joe Scarborough and Mika Brzezinski, "and ride the storm of controversy," adds the source. That being said, the couple — whose relationship has, so far, survived the drama —

are keeping their options open. "Amy and T.J. are both looking for new career opportunities separately, but they like the idea of hosting a show together, too," says a second source. "They were seriously concerned about their futures amid the fallout. As it turns out, though, they've got big offers coming their way." **L&S**

# BEN APPROVES OF JEN'S BOYFRIEND

"Ben has a lot of respect for John," says a source. "Plus, John makes Jen happy."

Nothing but love! No one is a bigger fan of Jennifer Garner's boyfriend, John Miller, than ex-husband Ben Affleck. On Jan. 30, the 50-year-old actor was spotted sharing a laugh with the Cali Group CEO, 45, outside the actress' California home. "Things were a little awkward between them during the early days of Jen and John's relationship," admits a source. "But over time, they've developed a bromance of their own while adjusting to the dynamics of a blended family." Not only is John a perfect match for Jen, 50, he's also a terrific stepfather figure to her and Ben's three children: Violet, 17, Seraphina, 14, and Samuel, 10. "The great thing about John is that while he plays an active role in the kids' lives, he respects boundaries and would never try to replace Ben," the source explains. "That alone has gotten him Ben's seal of approval."

## throwback! NICKY & PARIS HILTON

They may be two years apart in age, but growing up, Paris and Nicky's mom would dress them like twins. "We had double outfits until we became teenagers," said the *Simple Life* star. "But we were different. I've always been more tomboy, and Nicky's more girly."

## Michael SWIPING FOR LOVE

Listen up, ladies! Michael B. Jordan is on the prowl for a new girlfriend. During his *Saturday Night Live* hosting debut, the *Black Panther* star, 36, revealed that he signed up for the celebrity dating app Raya following his "first public breakup" from Lori Harvey. "A lot of famous people are on Raya looking for love, so Michael figured why not join them," shares a source. "He's having fun flirting and has already been on a few dates." After getting his heart broken by the 26-year-old model, the actor is content on keeping things casual — for now, at least. "If Michael met the right girl, he'd delete his profile," adds the source. "In the meantime, though, he's enjoying himself and all of the attention that he's been getting."

Single and

Michael split

Mixing business with pleasure! Brad Pitt has turned to girlfriend Ines de Ramon for help in building a lifestyle empire, blabs a source. In September, the actor, 59, launched a luxury skincare line, Le Domaine, but that was just the beginning. "Brad has multiple ventures — jewelry, clothing, home, textiles and more. It's a global brand with a lot of foreign partnerships," says the source. "Ines is working with Brad on many of them. She has a strong background in fashion, sales and marketing." The 32-year-old jewelry exec is also proficient in five languages, including French, German, English, Spanish and Italian. "Brad is very serious about these businesses, attaching his name to them," the source continues. "He knows that people may not take him seriously, but he is very passionate and he values Ines' opinion."

## Adam & Behati's BAND-AID BABY

**A**dam Levine and Behati Prinsloo have welcomed their third child, *Life & Style* can reveal, and the little one's arrival could not have come at a better time for their relationship. Shortly after the model, 34, announced her pregnancy in September, news broke that the Maroon 5 frontman, 43, had been sending inappropriate messages to several women. "Bringing a baby

into the world has truly united them as a couple and, quite honestly, saved their marriage," shares a source. "Adam knows that he messed up and says that he's learned his lesson and Behati believes him." While the singer denied physically cheating on his wife, with whom he shares daughters Dusty Rose, 6, and Gio, 4, he did admit to crossing the line and has spent the past few months making

it up to her. "Behati has seen a real difference in Adam and feels that nothing could come between them now," adds the source. That will be put to the test, however, when Maroon 5 kicks off their Las Vegas residency in March. "Behati is going to try and see Adam as much as she can," says the source. "But it won't be easy with two small kids and a baby to look after." **LS**

Instagram model Sumner Strohm, 23, alleged she had a yearlong affair with Adam.

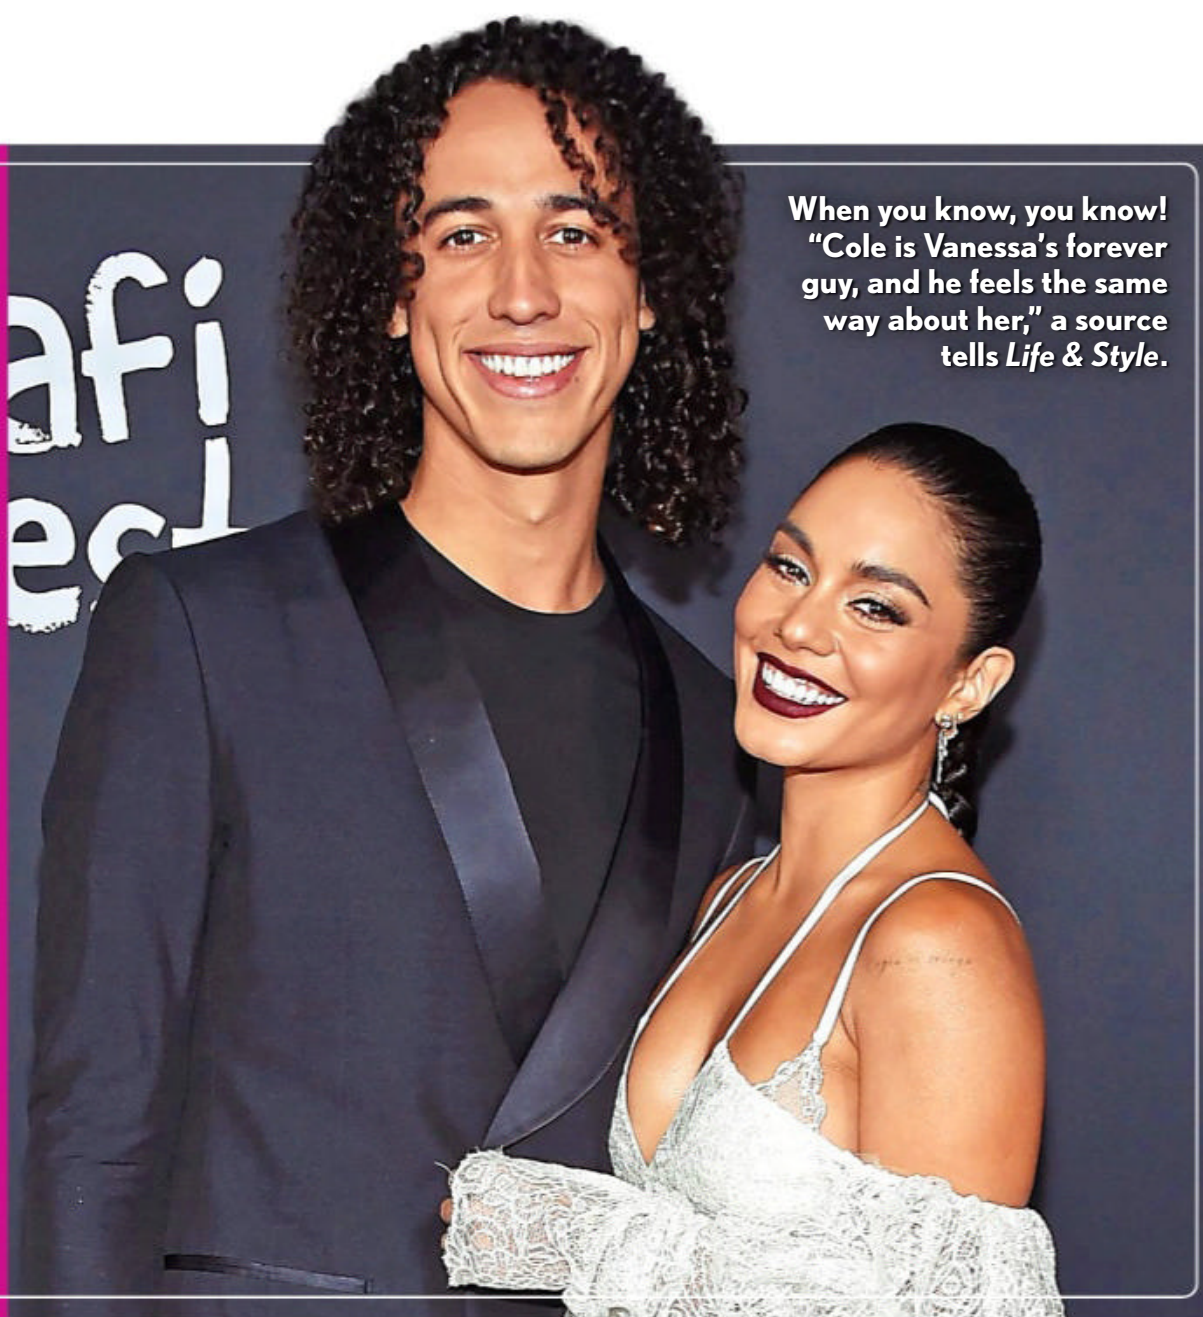

## Vanessa & Cole

# ENGAGED?

Are congratulations in order for Vanessa Hudgens and her MLB beau, Cole Tucker? A source says the Pittsburgh Pirates shortstop, 26, got down on one knee and asked the actress, 34, to marry him – and she said yes! “Vanessa and Cole are keeping their engagement quiet for now so that they can privately enjoy this special moment,” claims the source. “But they plan to make an official announcement any day.” Like many new brides-to-be, Vanessa has already begun scoping out potential wedding venues. “She and Cole love the idea of exchanging vows on the beach, somewhere warm and tropical,” reveals the source, “and have been looking at a few different locations in Hawaii.”

When you know, you know! “Cole is Vanessa’s forever guy, and he feels the same way about her,” a source tells *Life & Style*.

Rumors began swirling in early January when the pair attended a college football game together.

## Kelsea & Chase HEATING UP!

Things are really taking off between Kelsea Ballerini and Chase Stokes. The country star, 29, was spotted hugging and holding hands with the *Outer Banks* actor, 30, at Los Angeles International Airport on Jan. 29. “Kelsea didn’t expect to be dating again so soon after her divorce, but it just kind of happened,” a source says of the “Peter Pan” singer, who ended her marriage to Morgan Evans, 37, in August. “She and Chase have been seeing each other for a couple of months now, and it’s getting pretty serious.”

# The Kate NO ONE KNOWS!

Palace staffers reveal to *Life & Style* what Princess Kate is really like...

**H**er answer wasn't what one might expect from a future queen. "Whenever I can squeeze in exercise, I do," Princess Kate replied after being asked about her fitness routine at a recent event. "Even jumping on the trampoline with my children before school."

It was just a glimpse of Kate's private life behind palace walls — but now royal staffers are revealing even more to *Life & Style*! "She prefers people don't fuss over her during her day-to-day life," one source says of the down-to-earth duchess. "Kate likes to do things herself."

That includes whipping up meals for the kids she shares with Prince William: Prince George, 9,

Princess Charlotte, 7, and Prince Louis, 4. "She cooks dinner every night," says the source. "Roast chicken, lasagna and tacos are among her go-tos."

The 41-year-old also isn't afraid to dish out zingers to William, 40. "They joke around a lot," notes the source. "But like in most marriages, she'll complain to friends when he's getting on her nerves."

To keep their children in line, Kate — who was spotted trick-or-treating in London last year — "created a fun chore chart," says the source. "The kids get gold stars for every little daily task they complete, from making their beds to filling the dog's water bowl. Their life with Kate is surprisingly normal!" *L&S*

## SHE'S A SKINCARE FAN!

A London plastic surgeon once hinted Kate got Botox from him. She denied it — but the Duchess of Cambridge *does* put effort into her looks. (Aside from stocking up on the latest trends at Zara!) "Kate follows a strict beauty routine to keep her skin glowing and flawless," says a palace source. "She swears by Karin Herzog products, cleansing and toning twice a day and using a hydrating face mask once a week."

## SHE'S A SKILLED ARTIST!

While Kate's love of photography is well documented, it's not her only way of expressing herself. "She's a brilliant artist and painter," says the palace source of the princess, who studied art history at the University of St Andrews but also got creative back in boarding school. "She was top of her art class at Marlborough College. Still, Kate was modest and never bragged. She would always help the other students."

## SHE LIKES DANGER!

Rock climbing, sailing, mountain biking — Kate's been pictured doing them all. But her thrill-seeking side isn't just for the cameras. "She's an adrenaline junkie with a competitive streak," spills the source. "Before George was born, Kate went bungee jumping in South Africa, and she's dabbled in heli-skiing as well as race car driving — she even beat William around the track!"

## SHE ALWAYS DOES HER HOMEWORK!

There's a reason Kate comes off so polished at public events. "She still gets nervous before making a speech in front of a large crowd, so she practices her lines with William the night before," explains the source. "Practice not only makes perfect, but it also really helps ease her anxiety about public speaking."

## SHE'S A BAKING PRO!

Forget the royal pastry chef! Kate, George, Louis and Charlotte do the baking themselves. They've made sweet treats for school fundraisers as well as for the community in honor of the Platinum Jubilee last summer. "The kids get so excited about Kate's baking competitions and homemade pizza-making," says the insider, noting the duchess often hits the grocery store herself to pick up supplies. "The kitchen is such a mess by the end, and the kids are covered in flour, but for Kate, it's all part of the fun."

## SHE'S A GOOD SINGER!

The Princess of Wales can really wail! "Kate's singing is better than anyone knows," shares the source. "And you should hear her rap – but that only ever happens after a few drinks." In the past, Kate and William were known to show up at karaoke bars like Bunga Bunga in Battersea, but these days, "there's nothing she loves more than a karaoke session with the kids," says the source, adding that "Kate's personal iTunes is full of artists like Adele, Miley Cyrus and John Legend."

## SHE LOVES REALITY TV!

Not on her must-watch list? Netflix's *Harry & Meghan*. "But Kate does enjoy tuning in to a few hours of reality TV after a stressful day," dishes the source. "*Love Island U.K.* is one of her guilty pleasures." The famous fan even recruited onetime contestant Zara McDermott for a recent Royal Foundation Centre for Early Childhood campaign!

### Fresh Tunes

Miley's new album, *Endless Summer Vacation*, drops in March. "She's ecstatic that the lead single has become this self-love anthem," shares an insider.

With her breakup track "Flowers" topping the charts, Miley Cyrus feels empowered again after a mysterious hiatus in 2022

# Miley's BIG COMEBACK!

# She's Had So Many Scandals!

It was music to Miley Cyrus' ears. For the second week in a row after its Jan. 12 release, "Flowers" — the singer's latest breakup anthem — was the No. 1 song around the world. "I love that this record is connecting in such a positive way," she wrote in celebration on Instagram on Jan. 30. "These milestones are only made possible by the listeners [and] my incredible fans. [I'm] endlessly thankful."

Over the past decade, she'd reached the top 10 of *Billboard*'s Hot 100 chart just twice — with her only previous No. 1 song being 2013's "Wrecking Ball." Since that last split-inspired track, Miley, 30, has suffered through her own divorce from Liam Hemsworth, as well as the unraveling of the 28-year marriage of her parents, Tish and Billy Ray, which seemingly contributed to the star taking a step back from the spotlight for several months last year. "Miley's kind of shocked that she's now made such a big comeback," admits an insider. "She had purposely dropped out of sight for a while — she needed a break from everything. The fact that old fans and new have embraced her is amazing."

## THE FUTURE IS BRIGHT

Making things even sweeter is how close "Flowers" is to Miley's heart. "She's surprised how well it's doing because she was so attached to it personally, and that rarely translates to popularity," notes the insider.

The tune — which also broke Spotify's record for most streams in a week — is all about picking up the pieces when a relationship ends and learning to become self-reliant. Though Miley hasn't explicitly said it's inspired by ex Liam, there are clues. For starters, the single was released the day before the Aussie actor's 33rd birthday. Another hint? Its lyrics include the line, "Built a home and watched it burn," an apparent reference to the couple's Malibu home, which was destroyed during the 2018 Woolsey Fire.

"Miley didn't give Liam a heads-up — mostly because she didn't think the song was going to be such a huge hit," says the insider. "But, also, it really wasn't something she felt she needed to run by him. The song speaks for itself. Basically, Miley and her feelings are the priority."

That mindset is paying off in more ways than one. While Miley was open about struggling with her sobriety during the beginning of the pandemic — and a source told *Life & Style* there was buzz she was partying again in the lead-up to her mysterious hiatus in 2022 — the entertainer is currently "in a great headspace," says the insider. "'Flowers' is about empowerment, and Miley herself feels empowered again. She's back in control of her own destiny after a rough few years!" **L&S**

## Young & Naked

Miley was only 15 in 2008 when she appeared on the cover of *Vanity Fair* wearing, well, almost nothing. Backlash prompted the *Hannah Montana* star to apologize for the racy snap. "I feel so embarrassed," she said.

## Bullying Claims

A Disney feud? After she seemingly mocked Demi Lovato and Selena Gomez in a 2008 YouTube video, Miley insisted she was just "having fun" — but was also "super sorry" if her fellow teens were offended.

## Pole-arizing Performance

Age inappropriate! At the 2009 Teen Choice Awards, 16-year-old Miley sparked controversy by singing "Party in the USA" while dancing around a stripper-esque pole.

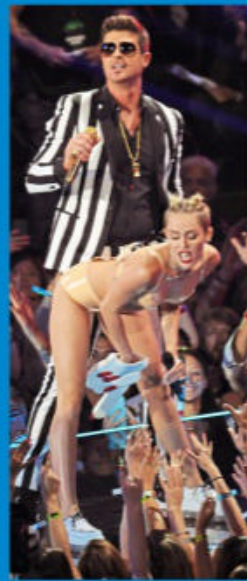

## High Times at 18

"I'm not perfect," Miley lamented after TMZ ran leaked footage of her smoking the psychedelic herb salvia from a bong in 2010. "I'm disappointed in myself for disappointing my fans."

## Raunchy Display

Too hot to handle! The singer was widely criticized for her 2013 MTV VMA antics, twerking on Robin Thicke on stage while wearing a teeny, flesh-colored outfit.

## Cheating Rumors

Miley slammed reports that a 2019 fling with *The Hills* star Kaitlynn Carter overlapped with her marriage to Liam. "I am not a liar," she said.

# Priscilla vs.

# BATTLE LISA MARIE WILL

**L**isa Marie Presley's Jan. 12 death came as a huge shock. But family members got another shock when they discovered the 54-year-old had quietly amended her will in 2016 — removing mother Priscilla Presley as trustee and replacing her with eldest children Riley and Benjamin Keough. Since Ben unexpectedly passed away roughly two years ago, his actress sister, 33, is now the sole trustee of Lisa Marie's estate.

That doesn't sit well with Grandma, though. On Jan. 30 — less than a week after Lisa Marie was laid to rest — Priscilla, 77, filed court documents contesting the validity of the amendment. She claims, among other things, that she hadn't been rightfully alerted to the change. Her petition also alleges that Lisa Marie's signature "appears inconsistent."

"Riley was blindsided by Priscilla's filing," reveals an insider. "She can't believe that her

## Fraud Claims

A new report suggests Lisa Marie was taking opioids in the months prior to going into cardiac arrest.

"Priscilla is also questioning her state of mind when her will was amended," says a source. "She and Priscilla would get into the biggest fights over her getting clean."

## A Family Plagued BY TURMOIL

### Early Loss

Five years after Priscilla and Elvis divorced, the legendary singer died of a heart attack at age 42.

### Addiction Issues

A nearly decade-long painkiller addiction evolved into cocaine use for Lisa Marie. She went to rehab multiple times.

### Custody War

Following their 2016 split, Lisa Marie and ex Michael Lockwood briefly both lost custody of their twins. The pair later battled over child support.

# Riley OVER RIE'S

With more than \$35 million up for grabs, Priscilla Presley questions Riley Keough's position as sole trustee.

grandmother is already at the courthouse trying to get her hands on the estate when Lisa Marie was *just* buried. It's looking like a huge showdown is brewing!"

## WHAT'S AT STAKE

At the time of her death, Lisa Marie was reportedly in debt and owed \$2.5 million in back taxes. According to TMZ, however, she had two separate life insurance policies totaling \$35 million. Elvis Presley's only child also retained ownership of his famed Memphis, Tenn., property, Graceland — a still-popular tourist destination that now boasts an adjoining hotel and \$45 million entertainment complex.

"Priscilla is going around saying that if it wasn't for her marrying Elvis, no one would be getting Graceland," says the insider, noting that Lisa Marie made \$4,361 per month as an employee of the landmark while also earning \$104,000 monthly from Elvis Presley Enterprises. "She feels it's rightfully hers."

Though the family matriarch has stated that she intends for Riley to become co-trustee, the *Daisy Jones & the Six* star "is said to be worried that Priscilla is attempting to cut off her younger half-sisters," the insider alleges of twins Harper and Finley Lockwood, 14. "It's just not right, but Priscilla is no pushover." **L&S**

## A Lot to Handle

At Lisa Marie's memorial service, Riley's husband, Ben Smith-Petersen, revealed they'd secretly welcomed a daughter. "Riley has enough on her plate," says an insider. "She doesn't need this drama with her grandmother."

## Money Troubles

Though she retained ownership of Graceland, Lisa Marie is reported to have squandered a \$100 million fortune in the years prior to her passing.

## More Death

Lisa Marie's only son, Benjamin, died by suicide at 27 in 2020. "My and my daughters' lives as we knew it were completely detonated," she said.

# MATT'S LIFE

Disgraced *Today* host Matt Lauer went from the lap of luxury to a quiet existence with his girlfriend!

The sighting was a rare one. On Jan. 28, Matt Lauer and his girlfriend, Shamin Abas, were spotted enjoying a date night in NYC. Holding hands, the couple of three years looked content as they shopped along Madison Avenue on the Upper East Side.

But their quiet life together is a far cry from what Matt, 65, had grown accustomed to while a lead anchor on *Today*. Amid allegations of sexual misconduct in 2017, the former host lost his job at NBC — for which he was reportedly paid upwards of \$25 million per year — and

so much more. “Matt was used to living it up,” an insider tells *Life & Style*. “But he has been forced to drastically curb his spending. The days of throwing money away on private jets and expensive bottles of champagne for the whole restaurant are over. Matt is much more low-key these days — because he has to be.”

## HUGE CHANGES

Money stopped coming in, but it quickly went out in the wake of his scandal. Annette Roque, Matt's wife of 20 years, “took him to the cleaners,” says the insider, noting that she received an estimated

\$50 million settlement in their divorce. “She thinks he’s a total jerk.”

Though Matt denied claims of rape by a staffer, he did confess to at least one consensual affair while married to Annette, 56. The two share kids Jack, 21, Romy, 19, and Thijs, 16, but “keep out of each other’s way now,” says the insider. “They don’t really talk. If they happen to run into each other randomly, they’re civil. Still, Annette has no time for Matt.”

Time is something Matt seemingly has plenty of these days. “Ninety-nine percent of Matt’s friends dropped him after all the unsavory allegations came out, and he is blacklisted in Hollywood,” says the insider, recalling stories of the morning show host

flashing a co-worker, gifting another a sex toy, and having his assistant take care of a married colleague who passed out on his office floor during intercourse. “There’s an ongoing book deal he’s been talking about, but the question is: Will anyone buy it? It would have to be a story of redemption.”

He appears to have already redeemed himself in Shamin’s eyes. The publicist and businesswoman, 53, was reportedly friends with Matt for almost two decades prior to their relationship turning romantic in 2019. “Things are going well,” spills the insider. “She’s a really sweet girl and

## HE LOST EVERYTHING

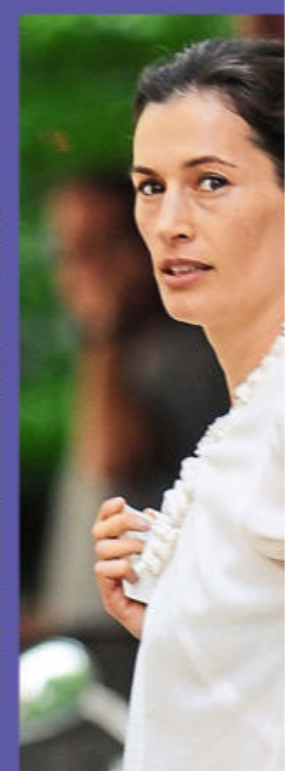

### His Job

Matt had the top position at NBC's *Today* from 1997 to 2017, but he was fired after a detailed complaint of sexual misconduct from a female staffer. Investigations revealed she was far from the only victim.

### His Home

He bought this 6.3-acre property in Sag Harbor, N.Y., from Richard Gere in 2016 for \$36.5 million. After becoming jobless, however, Matt listed the home several times before finally selling it at a loss last May. “He needed the money,” says an insider.

### Going Strong

"They've known each other for years," says an insider of Shamin and Matt, "so the trust between them is solid."

loves Matt for who he is."

According to the insider, Matt has even invested in a joint business venture with Shamin. "He can definitely see a future with her," adds the insider. "Is Matt open to marriage again? Yes, he is." **L&S**

### His Wife

Matt met Dutch model Annette on a blind date, and they tied the knot five months later in 1998. Alas, the parents of three separated in 2017 following the news of his alleged misbehavior. She filed to officially end things two years later.

### Making Amends

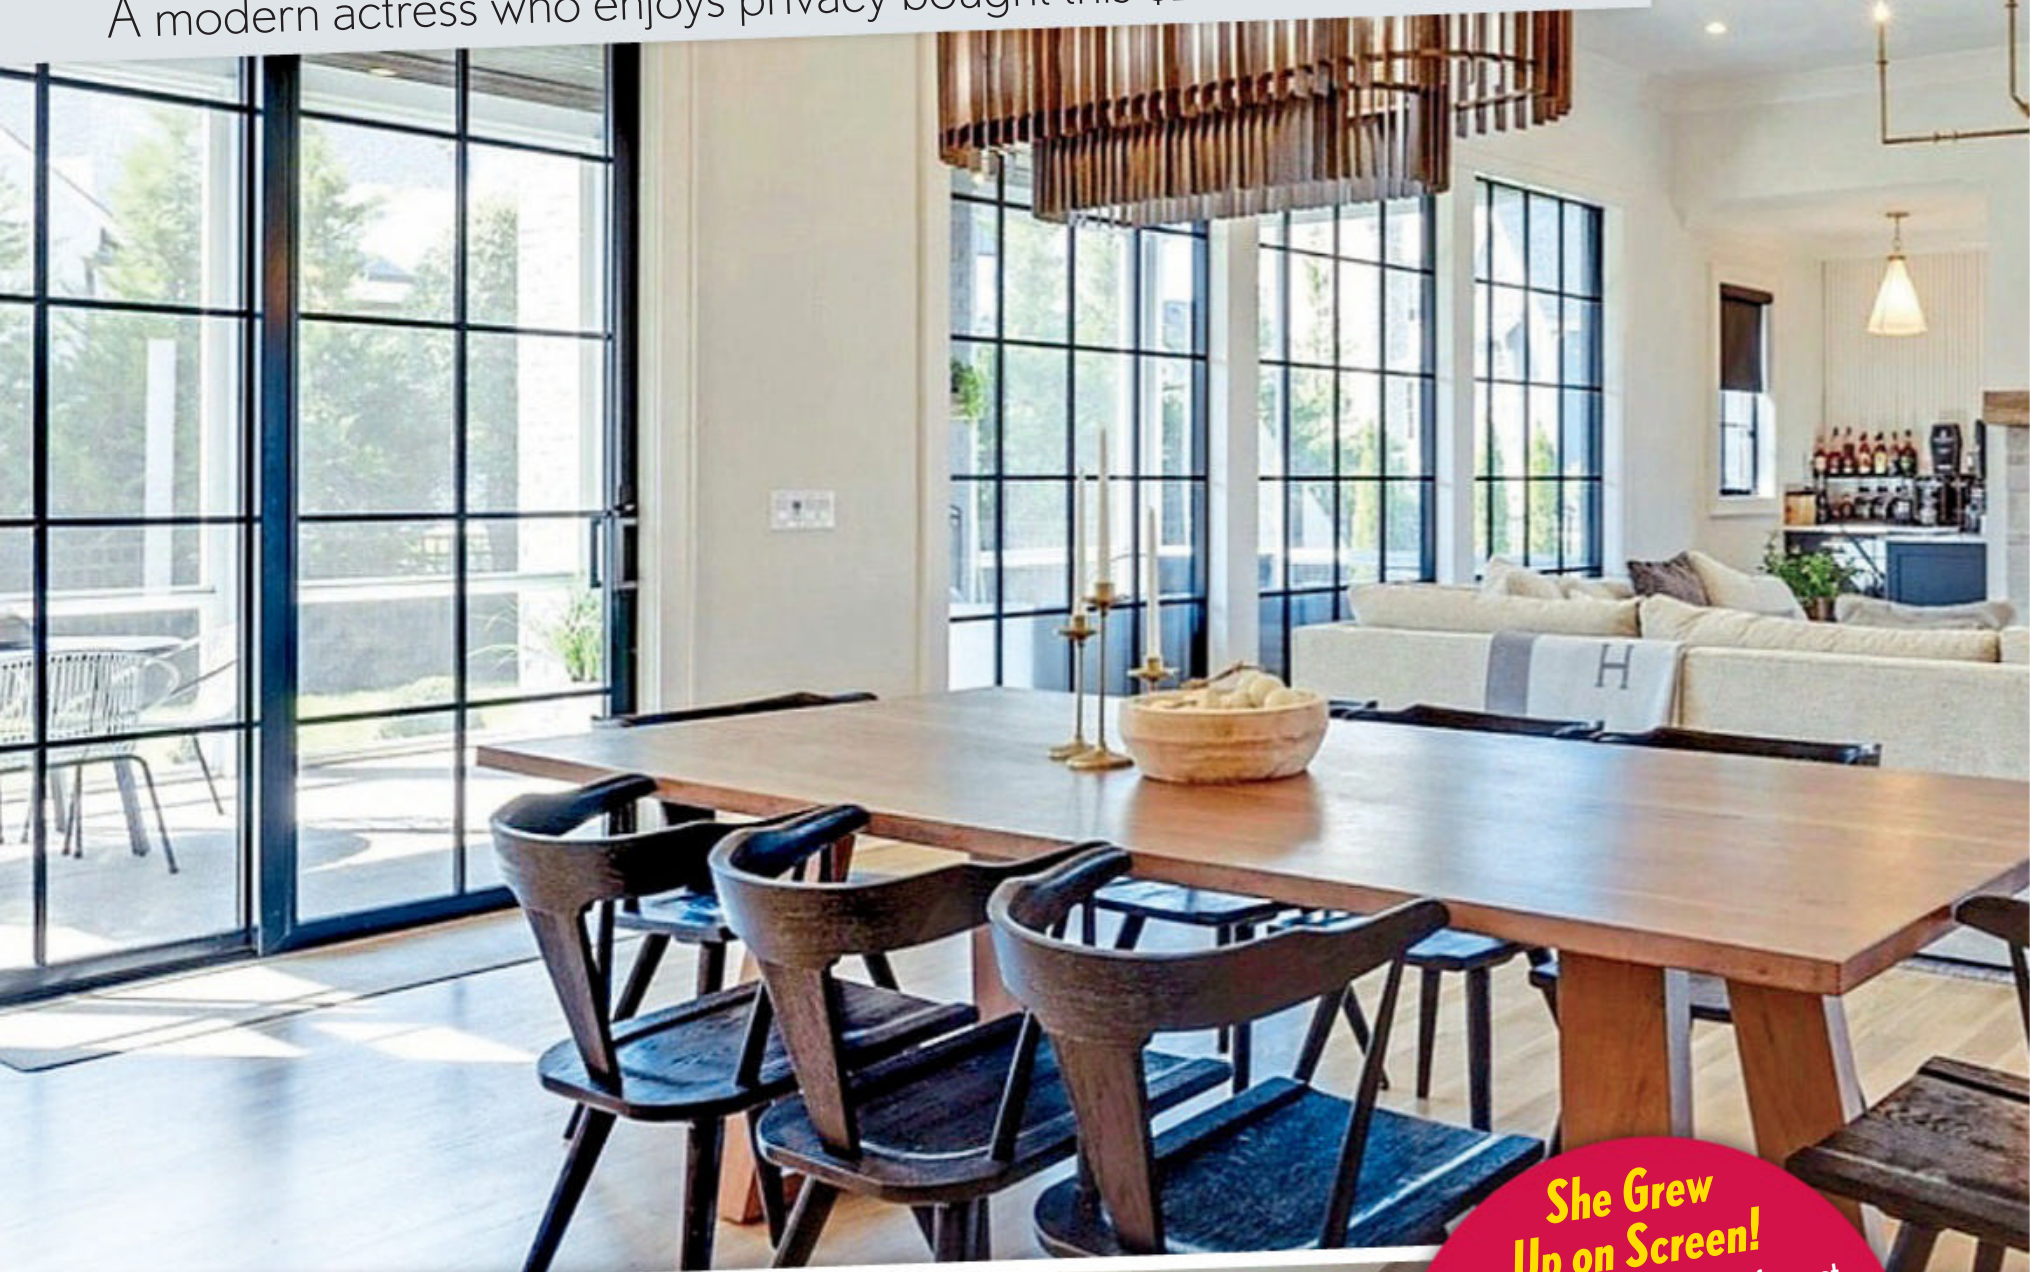

Matt has said he's committed to "repairing the damage" he's caused: "It is now my full-time job."

## Going Off the Grid

This celeb has said she hated residing in Hollywood because she was constantly photographed – but that's unlikely to happen at her new digs 30 miles outside Nashville. Along with her actor beau, she now reigns over 5,200 square feet of serene living space in mostly rural College Grove, Tenn.

## She Grew Up on Screen!

Her IMDB profile is full of guest parts on TV staples like *ER*, *Bones* and *Criminal Minds* – plus she's made a name for herself in the voiceover world. But this former child star is most recognizable as the middle kid in a family sitcom that topped the ratings charts for 11 seasons. And she's still only 25!

### Fit for a TV Princess

Built in 2020, the four-bedroom home boasts a massive first-floor primary suite, complete with a private porch, walk-in closet and soaking tub-equipped bathroom — where its hair-chameleon owner can plot her next hue move. (Famously dark brunette, she's dyed her long locks blond, red and pink in recent years!)

## GET A CLUE

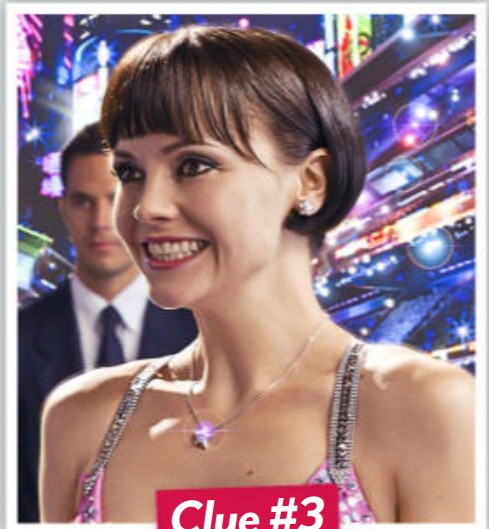

### Clue #1

She likes dogs — like really, really likes dogs. Not only is this chill lady a pet parent to six rescue pooches, but she also does work for charities such as Wags & Walks, which has locations in both LA and Nashville.

### Clue #2

The celebrity has appeared on television since she was just a tiny tot. In 2002, at the age of 4, she featured in a national Cool Whip commercial. A year later, the pint-size talent landed her first sitcom stint as a day player on the short-lived Jason Alexander series *Listen Up!*

### Clue #3

See any resemblance? This Virginia native portrayed the younger version of Christina Ricci's character, Trixie, in 2008's live-action film *Speed Racer*.

# And The Two Shall Become One

**EXCLUSIVE!**  
Commemorative keepsake  
makes the perfect wedding  
or anniversary gift.

*Lights  
Up!*

*Shown smaller than  
approx. size of 9" high  
x 8½" wide x 5¼"  
deep. Requires 3 AAA  
batteries; not included.*

## What God has united, let no one separate.

*The sculpted unity candle  
illuminates too, aglow with the  
light of two newly joined souls.*

*Quoting Ephesians 5:31,  
your figurine's sentiment is  
beautifully showcased within  
the "stained glass".*

A wedding is more than just a celebration. It's a new start, a new beginning of your life. Together as one. Now, **Precious Moments®** honors the greatest love of all — *yours*. And the promises you made to each other — and the Lord.

### **Illuminates with the beauty of stained glass.**

Crafted and painted by hand in bisque porcelain and artist's resin, "And The Two Shall Become One" takes inspiration from one of the most beloved Bible verses.

Just like your wedding day, every detail is one of a kind — a dozen diamond-like crystals hand-set upon the bride's gown ... the sheer texture of her **real fabric veil** ... and the warmly lit glow of the stained glass window behind them.

**Limited to only 120 firing days** and hand-numbered, your "And The Two Shall Become One" illuminated keepsake arrives with a Certificate of Authenticity. Reserve now for yourself — or for a special couple in your life — for just four payments of \$37.49\*, with only your first payment due prior to shipment. **Your satisfaction is 100% guaranteed or your money back!**
